Re: Prehearing Submittal for South Carolina 111(d)/129 Supplement to 2014 Plan for Commercial and Industrial Solid Waste Incineration (CISWI) Units - Request for Approval

Dear Ms. Spagg:

The South Carolina Department of Health and Environmental Control (Department) is submitting this supplemental revision to the South Carolina Designated Facility 111(d)/129 Plan for Commercial and Industrial Solid Waste Incineration (CISWI) units (111(d)/129 state plan). This supplement is an update to the 111(d)/129 state plan submitted by the Department on December 19, 2014. The Clean Air Act (CAA) requires that state regulatory agencies, that have received delegation of authority, implement the New Source Performance Standards (NSPS) and Emission Guidelines for new and existing sources in accordance with a state plan developed under Sections 111(d) and 129 of the CAA. The 111(d)/129 state plan must be submitted to the U.S. Environmental Protection Agency (EPA) for approval. The Department submitted a 111(d)/129 state plan on December 19, 2014, to certify that it has addressed the amendments to the requirements under 40 CFR Part 60 for CISWI units, and is proposing this supplement to certify that it has addressed the amendments from the promulgation of the reconsideration rule on June 23, 2016 (81 FR 40956).

Background

The NSPS for new CISWI units and Emission Guidelines for existing CISWI units were promulgated by the EPA and codified in 40 CFR Part 60, Subparts CCCC and DDDD, respectively, on February 7, 2013 (78 FR 9112). South Carolina Regulation 61-62.60,

South Carolina Designated Facility Plan and New Source Performance Standards, was amended to incorporate 40 CFR Part 60, Subparts CCCC and DDDD, by reference as part of the Department's 2013 End of Year (EOY) regulatory revisions. These amendments were approved during a public hearing conducted by the Board of the South Carolina Department of Health and Environmental Control (Board) on September 11, 2014, and became state effective upon publication in the *State Register* on September 26, 2014.

In accordance with Sections 111(d) and 129 of the CAA and 40 CFR Part 60, the Department developed a state plan for implementation and enforcement of the CISWI emission guidelines. Public notice of a public hearing and 30-day comment period on the Department's state plan submittal was published in the *SC State Register* on October 24, 2014. The public hearing was held on November 24, 2014, and no comments were received during the public comment period. The Department submitted the required 111(d)/129 state plan to the EPA on December 19, 2014. The EPA has not yet taken final action on the Department's 2014 state plan submittal.

Since the Department submitted its 111(d)/129 state plan in 2014, the EPA granted reconsideration on the CISWI rule and finalized revisions to the CISWI rule on June 23, 2016 (81 FR 40956). South Carolina Regulation 61-62.60, *South Carolina Designated Facility Plan and New Source Performance Standards*, was amended to incorporate the revisions to 40 CFR Part 60, Subparts CCCC and DDDD, by reference, as part of the Department's 2016 EOY regulatory revisions. These amendments were approved during a public hearing conducted by the Board on August 10, 2017, and became state effective upon publication in the *State Register* on August 25, 2017.

Proposed supplement to South Carolina's December 19, 2014 111(d)/129 state plan

This letter and the attached appendices update South Carolina's 111(d)/129 state plan to reflect the Department's revision of South Carolina Regulation 61-62.60, Subparts CCCC and DDDD, as described above. This amendment to the 111(d)/129 state plan incorporates the revised emission limits and other requirements for CISWI units under the 2016 reconsideration rule, and implements and provides for enforcement of the CISWI Emission Guidelines promulgated by the EPA in accordance with the requirements of Sections 111(d) and 129 of the CAA and

regulations under 40 CFR Part 60. The Department's Notice of Final Regulation adopting the revisions to Subparts CCCC and DDDD appears in Appendix 2. An updated inventory of sources subject to CISWI in South Carolina, reflecting the closure of several sources, appears in Appendix 1. The Certification of Plan Elements, including the requirements for Air Curtain Incinerators, appears in Appendix 5. Applicable legal authorities, emissions inventory information, the February 7, 2018 compliance date, and all other required information set forth in the Department's December 19, 2014, submittal, are unaffected by this supplement to the 2014 state plan. Pursuant to 40 CFR 60.2542, the authorities listed under 40 CFR 60.2030(c) will not be delegated to state, local, or tribal agencies.

It should be noted that the Department's regulatory approach of incorporating by reference the revised Subpart DDDD emission guidelines in their entirety is the same approach that the EPA previously approved in 2004 upon review of the Department's 2002 111(d)/129 state plan submission. 69 FR 9554 (Mar. 1, 2004). The Department will further incorporate the CISWI model rule requirements by placing relevant permit conditions in the covered facilities' Title V operating permits. Facilities are required to comply with the permits and submit a Title V Annual Compliance Certification (TVACC). Noncompliance with the relevant permit conditions and underlying Subpart DDDD model rule provisions adopted by reference may be subject to enforcement.

Public notice of a public hearing and 30-day comment period on this state plan revision was published in the *SC State Register* on April 27, 2018. The public hearing is scheduled for May 30, 2018. The Department appreciates the assistance provided by you and your staff regarding the formulation of this 111(d)/129 state plan. Should questions or comments concerning this plan arise, feel free to contact Marie Brown of my staff at (803) 898-1796 or by email at brownmf@dhec.sc.gov.

Sincerely,

Robert J. Brown, Jr., Director
Division of Air Assessment and Regulations
Bureau of Air Quality

- Appendix 5. Updated Certification of Plan Elements

Attachment 1

Inventory of Sources Affected by Emission Guidelines for CISWI Units

The following is a list of sources in South Carolina that are subject to the provisions of 40 CFR Part 60, NSPS Subparts CCCC and DDDD – Emission Guidelines for CISWI Units.

The list includes, but is not limited to, those sources listed below. Should another applicable source be discovered or established subsequent to this plan, it will be subject to the requirements of the State 111(d)/129 CISWI Plan as described herein.

Name	Address	Permit Number
Argos USA	463 Judge Street Harleyville, SC 29448	TV-0900-0004
Crane Merchandising Systems Dixie-Narco	3330 Dixie Narco Blvd. Williston SC, 29853	0300-0008
DAK Americas, LLC	570 K Avenue Gaston, SC 29053-8256	TV-0460-0029
North American Container Corporation	950 Garland Rd. Rowesville SC, 29133	1860-0077
Pickins County Solid Waste Department	2047 Old Liberty Rd. Liberty SC, 29657	1880-0062
Tri-County Pallet Company	P.O. Box 624 Barnwell, SC 29812	0300-0026
Ulmer Brothers, Inc.	P.O. Box 469 Bluffton, SC 29910	0360-0031

**State Register Notice of Final Regulation, 2016 EOY
August 25, 2017**

Document No. 4750

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL**CHAPTER 61**

Statutory Authority: 1976 Code Sections 48-1-10 et seq.

61-62. Air Pollution Control Regulations and Standards.

Synopsis:

1. Pursuant to the South Carolina Pollution Control Act, S.C. Code Section 48-1-10 et seq. (2008), along with the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the S.C. Department of Health and Environmental Control must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416.
2. The United States Environmental Protection Agency ("EPA") promulgates amendments to the Code of Federal Regulations ("CFR") throughout each calendar year. Recent federal amendments to 40 CFR Parts 50, 51, 52, 60, 61, 63 and 70 include clarification, guidance and technical amendments regarding state implementation plan ("SIP") requirements promulgated pursuant to 42 U.S.C. Sections 7410 & 7413, New Source Performance Standards ("NSPS") mandated by 42 U.S.C. Section 7411, federal National Emission Standards for Hazardous Air Pollutants ("NESHAP") for Source Categories mandated by 42 U.S.C. Section 7412, and Prevention of Significant Deterioration ("PSD") and Title V Operating Program provisions promulgated under title I and title V of the CAA.
3. The Department has amended Regulation 61-62.1, Definitions and General Requirements; Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration; Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants; Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; Regulation 61-62.70, Title V Operating Permit Program; and the South Carolina SIP, to adopt the federal amendments to these standards promulgated from January 1, 2016, through December 31, 2016.
4. These amendments also add Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program, to incorporate the EPA's CSAPR trading program for South Carolina in 40 CFR Part 97 for NO_x (Annual) and SO₂ (Annual), as published in the *Federal Register* on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation addresses mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.
5. Other changes to Regulation 61-62 were made that include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary. The citations where these revisions were made are listed within the Section-by-Section Discussion of Amendments.
6. South Carolina industries are already subject to these national air quality standards as a matter of federal law. Thus, there will be no increased cost to the State or its political subdivisions resulting from codification of these amendments to federal law. The state of South Carolina is already reaping the environmental benefits of these amendments.
7. In accordance with S.C. Code Section 1-23-120(H) (Supp. 2016), legislative review is not required for these amendments because the amendments were promulgated to maintain compliance with federal law. As such, neither an assessment report nor a fiscal impact statement is required.

24 FINAL REGULATIONS

8. A Notice of Drafting was published in the *State Register* on January 27, 2017.

Section-by-Section Discussion of Amendments:

SECTION CITATION/EXPLANATION OF CHANGE:

Regulation 61-62.1, Definitions and General Requirements

Regulation 61-62.1, Section I, Definitions:

Definition 100.c. is stricken in its entirety to address the revision to the regulatory definition of volatile organic compounds (VOCs) at 81 FR 9339, February 25, 2016.

Regulation 61-62.5, Standard No. 5.2, Control of Oxides of Nitrogen (NO_x)

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1:

Table 1 is amended at Pulverized Coal-Fired Boilers to remove the bold font from the phrase “Selective Catalytic Reduction” for appropriate codification and consistency.

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1:

Table 1 is amended at Internal Combustion Engines to remove the italics font from the phrases “Timing Retard ≤ 4 degrees”, “Turbocharger with Intercooler”, “490 ppmv”, “15”, and “O₂” for appropriate codification and consistency.

Regulation 61-62.5, Standard No. 5.2, Section IV, Monitoring, Record Keeping, and Reporting Requirements for New Affected Sources:

Paragraph A(2)(a) is amended to strike the word “or” from the phrase, “greater or permitted for solid fuels” for clarity and accuracy.

Regulation 61-62.5, Standard No. 5.2, Section IV, Monitoring, Record Keeping, and Reporting Requirements for New Affected Sources:

Paragraph B(5) is amended to strike the word “of” and replace with the word “or” in the phrase “owner of operator,” to read “owner or operator” for clarity and correctness.

Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration

Regulation 61-62.5, Standard No. 7, Section (b), Definitions:

Paragraph (b)(34)(vi)(b) is amended to add the word “and” following the semi-colon, and Paragraph (b)(34)(vi)(c) is amended to strike the semi-colon and the word “and” following the semi-colon, and replace with a period, for correct codification.

Regulation 61-62.5, Standard No. 7, Section (q), Public Participation:

Paragraphs (q)(2)(ii), (iii), (vi), and (viii) are amended to address federal revisions to public notice provisions for Clean Air Act permitting programs at 81 FR 71613, October 18, 2016.

Regulation 61-62.5, Standard No. 7, Section (w), Permit Rescission:

Paragraph (w) is amended to change “(w)” to bold font for consistency in codification.

Regulation 61-62.5, Standard No. 7, Section (w), Permit Rescission:

Paragraphs (w)(1), (2), and (3) are amended to address federal revisions concerning rescission of preconstruction permits issued under the Clean Air Act at 81 FR 78043, November 7, 2016.

Regulation 61-62.5, Standard No. 7, Section (w), Permit Rescission:

Paragraph (w)(4) is amended to address federal revisions to public notice provisions in Clean Air Act Permitting Programs at 81 FR 71613, October 18, 2016.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs:

Paragraph (aa) is amended to change “(aa)” to bold font for consistency in codification, and amended to strike the citation “(15)” and replace with “(aa)(15)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs:

Paragraph (aa)(1)(i) is amended to remove the underline from the citation “(aa)(15)” for consistency and appropriate codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs:

Paragraph (aa)(9) is amended to strike the citation “(aa)(9)(i)(v)” and replace with “(aa)(9)(v)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs:

Paragraph (aa)(11)(i) is amended to strike the citation “(aa)(10)(iv)(d)” and replace with “(aa)(11)(i)(d)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs:

Paragraph (aa)(14)(i) is amended to add a close parenthesis to the citation “(aa)(14)(i)(g)” to read, “(aa)(14)(i)(g)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (bb):

Paragraph (bb) is amended to change “(bb)” to bold font for consistency in codification.

Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards

Regulation 61-62.60, Subpart A, “General Provisions”:

Subpart A, Table, is amended to incorporate federal revisions at 81 FR 35824, June 3, 2016; 81 FR 42542, June 30, 2016; 81 FR 59276 and 59332, August 29, 2016; and 81 FR 59800, August 30, 2016 by reference.

Regulation 61-62.60, Subpart Cf, “Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills”:

Subpart Cf, Table, is added to incorporate newly promulgated federal regulations at 81 FR 59276, August 29, 2016 by reference.

Regulation 61-62.60, Subpart Da, “Standards of Performance for Electric Utility Steam Generating Units for Which Construction Is Commenced After September 18, 1978”:

Subpart Da, Table, is amended to incorporate federal revisions at 81 FR 20172, April 6, 2016 by reference.

Regulation 61-62.60, Subpart Ja, “Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007”:

Subpart Ja, Table, is amended to incorporate federal revisions at 81 FR 45232, July 13, 2016 by reference.

Regulation 61-62.60, Subpart GG, “Standards of Performance for Stationary Gas Turbines”:

Subpart GG, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016 by reference.

Regulation 61-62.60, Subpart BBB, “Standards of Performance for the Rubber Tire Manufacturing Industry”:

Subpart BBB, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016; and 81 FR 43950, July 6, 2016 by reference.

26 FINAL REGULATIONS

Regulation 61-62.60, Subpart DDD, “Standards of Performance for Volatile Organic Compound (VOC) Emissions from the Polymer Manufacturing Industry”:

Subpart DDD, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016 by reference.

Regulation 61-62.60, Subpart III, “Standards of Performance for Volatile Organic Compound (VOC) Emissions from the Synthetic Organic Chemical Manufacturing Industry (SOCMI) Air Oxidation Unit Processes”:

Subpart III, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016; and 81 FR 43950, July 6, 2016 by reference.

Regulation 61-62.60, Subpart LLL:

Subpart LLL is retitled “Standards of Performance for SO₂ Emissions from Onshore Natural Gas Processing for Which Construction, Reconstruction, or Modification Commenced After January 20, 1984, and on or Before August 23, 2011” for consistency with federal regulations, and Subpart LLL, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016, and 81 FR 43950, July 6, 2016 by reference.

Regulation 61-62.60, Subpart NNN, “Standards of Performance for Volatile Organic Compounds (VOC) Emissions from Synthetic Organic Chemical Manufacturing Industry (SOCMI) Distillation Operations”:

Subpart NNN, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016; and 81 FR 43950, July 6, 2016 by reference.

Regulation 61-62.60, Subpart XXX, “Standards of Performance for Municipal Solid Waste Landfills that Commenced Construction, Reconstruction, or Modification After July 17, 2014”:

Subpart XXX, Table, is added to incorporate newly promulgated federal regulations at 81 FR 59332, August 29, 2016 by reference.

Regulation 61-62.60, Subpart CCCC:

Subpart CCCC is retitled “Standards of Performance for Commercial and Industrial Solid Waste Incineration Units” for consistency with federal regulations, and Subpart CCCC, Table, is amended to incorporate federal revisions at 81 FR 40956, June 23, 2016 by reference.

Regulation 61-62.60, Subpart DDDD:

Subpart DDDD is retitled “Emissions Guidelines and Compliance Times for Commercial and Industrial Solid Waste Incineration Units” for consistency with federal regulations, and Subpart DDDD, Table, is amended to incorporate federal revisions at 81 FR 40956, June 23, 2016 by reference.

Regulation 61-62.60, Subpart IIII, “Standards of Performance for Stationary Compression Ignition Internal Combustion Engines”:

Subpart IIII, Table, is amended to incorporate federal revisions at 81 FR 44212, July 7, 2016 by reference.

Regulation 61-62.60, Subpart JJJJ, “Standards of Performance for Stationary Spark Ignition Internal Combustion Engines”:

Subpart JJJJ, Table, is amended to incorporate federal revisions at 81 FR 59800, August 30, 2016 by reference.

Regulation 61-62.60, Subpart KKKK, “Standards of Performance for Stationary Combustion Turbines”:

Subpart KKKK, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016 by reference.

Regulation 61-62.60, Subpart OOOO:

Subpart OOOO is retitled “Standards of Performance for Crude Oil and Natural Gas Production, Transmission and Distribution for which Construction, Modification or Reconstruction Commenced after August 23, 2011, and on or before September 18, 2015” for consistency with federal regulations, and Subpart OOOO, Table, is amended to incorporate federal revisions at 81 FR 35824, June 3, 2016; 81 FR 42542, June 30, 2016; and 81 FR 43950, July 6, 2016 by reference.

Regulation 61-62.60, Subpart OOOOa, “Standards of Performance for Crude Oil and Natural Gas Facilities for Which Construction, Modification, or Reconstruction Commenced After September 18, 2015”:
Subpart OOOOa, Table, is added to incorporate newly promulgated federal regulations at 81 FR 35824, June 3, 2016 by reference.

Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants (NESHAP)

Regulation 61-62.61, Subpart A, “General Provisions”:
Subpart A, Table, is amended to incorporate federal revisions at 81 FR 59800, August 30, 2016 by reference.

Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories

Regulation 61-62.63, Subpart A, “General Provisions”:
Subpart A, Table, is amended to incorporate federal revisions at 81 FR 59800, August 30, 2016 by reference.

Regulation 61-62.63, Subpart CC, “National Emission Standards for Hazardous Air Pollutants from Petroleum Refineries”:
Subpart CC, Table, is amended to incorporate federal revisions at 81 FR 45232, July 13, 2016 by reference.

Regulation 61-62.63, Subpart GG, “National Emission Standards for Aerospace Manufacturing and Rework Facilities”:
Subpart GG, Table, is amended to incorporate federal revisions at 81 FR 51114, August 3, 2016 by reference.

Regulation 61-62.63, Subpart LLL, “National Emission Standards for Hazardous Air Pollutants from the Portland Cement Manufacturing Industry”:
Subpart LLL, Table, is amended to incorporate federal revisions at 81 FR 48356, July 25, 2016 by reference.

Regulation 61-62.63, Subpart RRR, “National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum Production”:
Subpart RRR, Table, is amended to incorporate federal revisions at 81 FR 38085, June 13, 2016 by reference.

Regulation 61-62.63, Subpart UUU, “National Emission Standards for Hazardous Air Pollutants for Petroleum Refineries: Catalytic Cracking Units, Catalytic Reforming Units, and Sulfur Recovery Units”:
Subpart UUU, Table, is amended to incorporate federal revisions at 81 FR 45232, July 13, 2016 by reference.

Regulation 61-62.63, Subpart UUUUU, “National Emission Standards for Hazardous Air Pollutants: Coal- and Oil-Fired Electric Utility Steam Generating Units”:
Subpart UUUUU, Table, is amended to incorporate federal revisions at 81 FR 20172, April 6, 2016 by reference.

Regulation 61-62.63, Subpart EEEEE, “National Emission Standards for Hazardous Air Pollutants for Primary Copper Smelting Area Sources”:
Subpart EEEEE is amended to add the phrase “and as subsequently amended upon publication in the *Federal Register*” for clarity.

Regulation 61-62.63, Subpart JJJJJ:
Subpart JJJJJ is retitled “National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources” for consistency with federal regulations, and Subpart JJJJJ, Table, is amended to incorporate federal revisions at 81 FR 63112, September 14, 2016 by reference.

Regulation 61-62.70, Title V Operating Permit Program

Regulation 61-62.70, Section 70.7, Permit issuance, renewal, reopening, and revisions:

28 FINAL REGULATIONS

Paragraph (e)(2)(ii)(C) is amended to strike the section symbol “§” and replace with the word “Section” to provide clarity and consistency.

Regulation 61-62.70, Section 70.7, Permit issuance, renewal, reopening, and revisions:

Paragraphs (h)(1) and (2) are amended to address federal revisions to public notice provisions for Clean Air Act permitting programs at 81 FR 71613, October 18, 2016.

Regulation 61-62.70, Section 70.9, Fee determination and certification:

Paragraph (b)(2)(ii)(A) is amended to strike the section symbol “§” and replace with the word “Section” to provide clarity and consistency.

Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program

Regulation 61-62.97 is added to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NO_x (Annual) and SO₂ (Annual), as published in the *Federal Register* on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation will address mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.

Instructions: Amend Regulation 61-62 pursuant to each individual instruction provided with the text below.

Text:

Regulation 61-62.1, Section I, Definitions

Regulation 61-62.1.1.100.c. shall be deleted in its entirety.

Regulation 61-62.5, Standard No. 5.2, Control of Oxides of Nitrogen (NO_x)

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1 at Pulverized Coal-Fired Boilers shall be revised as follows:

Pulverized Coal-Fired Boilers	
< 250 MMBtu/hr	Low-NO _x Burners + Combustion controls to minimize NO _x emissions or equivalent technology, shall achieve 0.35 lb/MMBtu
≥ 250 MMBtu/hr	Low-NO _x Burners + Combustion controls to minimize NO _x emissions + Selective Catalytic Reduction (SCR) or equivalent technology, shall achieve 0.14 lb/MMBtu

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1 at Internal Combustion Engines shall be revised as follows:

Internal Combustion Engines	
Compression Ignition	Timing Retard ≤ 4 degrees + Turbocharger with Intercooler or equivalent technology, shall achieve 490 ppmv at 15 percent O ₂ (7.64 gram per bhp-hour (gm/bhp-hr))
Spark Ignition	Lean-Burn Technology or equivalent technology, shall achieve 1.0 gm/bhp-hr
Landfill or Digester Gas-Fired	Lean-Burn Technology or equivalent technology, shall achieve 1.25 gm/bhp-hr

Regulation 61-62.5, Standard No. 5.2, Section IV.A(2)(a) shall be revised as follows:

(a) Unless required to operate a CEMS, testing requirements apply to boilers rated thirty (30) MMBtu/hr or greater permitted for solid fuels and boilers rated greater than one hundred (100) MMBtu/hr permitted for any other fuels.

Regulation 61-62.5, Standard No. 5.2, Section IV.B(5) shall be revised as follows:

(5) Other Requirements

The owner or operator shall maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected source; any malfunction of the air pollution control equipment; and any periods during which a continuous monitoring system or monitoring device is inoperative.

Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration

Regulation 61-62.5, Standard No. 7, Section (b)(34)(vi) shall be revised as follows:

(vi) A decrease in actual emissions is creditable only to the extent that:

(a) The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions;

(b) It is federally enforceable at and after the time that actual construction on the particular change begins; and

(c) It has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(ii) shall be revised as follows:

(ii) Make available in at least one location in each region in which the proposed source or modification would be constructed, a copy of all materials the applicant submitted, a copy of the preliminary determination and a copy or summary of other materials, if any, considered in making the preliminary determination. This requirement may be met by making these materials available at a physical location or on a public website identified by the Department.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(iii) shall be revised as follows:

(iii) Notify the public, by advertisement in a newspaper of general circulation in each region in which the proposed source or modification would be constructed, of the application, the preliminary determination, the degree of increment consumption that is expected from the source or modification, and the opportunity for comment at a public hearing as well as written public comment. Alternatively, these notifications may be made on a public website identified by the Department. However, the Department's selected notification method (i.e., either newspaper or website), known as the "consistent noticing method," shall be used for all permits subject to notice under this section and may, when appropriate, be supplemented by other noticing methods on individual permits. If the Department selects website notice as its consistent noticing method, the notice shall be available for the duration of the public comment period and shall include the notice of public comment, the draft permit, information on how to access the administrative record for the draft permit and how to request and/or attend a public hearing on the draft permit.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(vi) shall be revised as follows:

(vi) Consider all written comments submitted within a time specified in the notice of public comment and all comments received at any public hearing in making a final decision on the approvability of the application.

30 FINAL REGULATIONS

No later than ten (10) days after the close of the public comment period, the applicant may submit a written response to any comments submitted by the public. The Department shall consider the applicant's response in making a final decision. The Department shall make all comments available for public inspection in the same location or on the same website where the Department made available preconstruction information relating to the proposed source or modification.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(viii) shall be revised as follows:

(viii) Notify the applicant in writing of the final determination and make such notification available for public inspection at the same location or on the same website where the Department made available preconstruction information and public comments relating to the source or modification.

Regulation 61-62.5, Standard No. 7, Section (w) shall be revised as follows:

(w) Permit rescission.

Regulation 61-62.5, Standard No. 7, Section (w)(1) shall be revised as follows:

(1) Any permit issued under this section or a prior version of this regulation shall remain in effect, unless and until it expires or is rescinded under this paragraph (w).

Regulation 61-62.5, Standard No. 7, Section (w)(2) shall be revised as follows:

(2) Any owner or operator of a stationary source or modification who holds a permit issued under this section for the construction of a new source or modification that meets the requirement in paragraph (w)(3) of this section may request that the Department rescind the permit or a particular portion of the permit.

Regulation 61-62.5, Standard No. 7, Section (w)(3) shall be revised as follows:

(3) The Department may grant an application for rescission if the application shows that this section would not apply to the source or modification.

Regulation 61-62.5, Standard No. 7, Section (w)(4) shall be revised as follows:

(4) If the Department rescinds a permit under this paragraph, the Department shall post a notice of the rescission determination on a public website identified by the Department within 60 days of the rescission.

Regulation 61-62.5, Standard No. 7, Section (aa) shall be revised as follows:

(aa) Actuals PALs. The provisions in paragraphs (aa)(1) through (aa)(15) govern actuals PALs.

Regulation 61-62.5, Standard No. 7, Section (aa)(1)(i) shall be revised as follows:

(i) The Department may approve the use of an actuals PAL for any existing major stationary source if the PAL meets the requirements in paragraphs (aa)(1) through (aa)(15). The term "PAL" shall mean "actuals PAL" throughout paragraph (aa).

Regulation 61-62.5, Standard No. 7, Section (aa)(9) shall be revised as follows:

(9) Expiration of a PAL. Any PAL that is not renewed in accordance with the procedures in paragraph (aa)(10) shall expire at the end of the PAL effective period, and the requirements in paragraphs (aa)(9)(i) through (aa)(9)(v) shall apply.

Regulation 61-62.5, Standard No. 7, Section (aa)(11)(i) shall be revised as follows:

(i) The Department may increase a PAL emission limitation only if the major stationary source complies with the provisions in paragraphs (aa)(11)(i)(a) through (aa)(11)(i)(d).

Regulation 61-62.5, Standard No. 7, Section (aa)(14)(i) shall be revised as follows:

(i) **Semi-annual report.** The semi-annual report shall be submitted to the Department within 30 days of the end of each reporting period. This report shall contain the information required in paragraphs (aa)(14)(i)(a) through (aa)(14)(i)(g).

Regulation 61-62.5, Standard No. 7, Section (bb) shall be revised as follows:

(bb) If any provision of this regulation, or the application of such provision to any person or circumstance, is held invalid, the remainder of this regulation, or the application of such provision to persons or circumstances other than those to which it is held invalid, shall not be affected thereby.

Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards.**Regulation 61-62.60, Subpart A, shall be revised as follows:****Subpart A - "General Provisions"**

The provisions of 40 Code of Federal Regulations (CFR) Part 60 Subpart A, as originally published in the Federal Register and as subsequently amended upon publication in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

Revision	Vol. 81	July 6, 2016	[81 FR 43950]

Regulation 61-62.60, Subpart XXX, shall be added in alpha-numeric order as follows:

Subpart XXX - “Standards of Performance for Municipal Solid Waste Landfills that Commenced Construction, Reconstruction, or Modification After July 17, 2014”

The provisions of 40 CFR Part 60 Subpart XXX, as originally published in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

40 CFR Part 60 Subpart XXX			
Federal Register Citation	Volume	Date	Notice
Original Promulgation	Vol. 81	August 29, 2016	[81 FR 59332]

Regulation 61-62.60, Subpart CCCC, shall be revised as follows:

Subpart CCCC - “Standards of Performance for Commercial and Industrial Solid Waste Incineration Units”

The provisions of 40 CFR Part 60 Subpart CCCC, as originally published in the Federal Register and as subsequently amended upon publication in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

40 CFR Part 60 Subpart CCCC			
Federal Register Citation	Volume	Date	Notice
Original Promulgation	Vol. 65	December 1, 2000	[65 FR 75338]
Revision	Vol. 66	March 27, 2001	[66 FR 16605]
Revision	Vol. 70	September 22, 2005	[70 FR 55568]
Revision	Vol. 76	May 18, 2011	[76 FR 28662]
Revision	Vol. 78	February 7, 2013	[78 FR 9112]
Revision	Vol. 81	June 23, 2016	[81 FR 40956]

Regulation 61-62.60, Subpart DDDD, shall be revised as follows:

Subpart DDDD - “Emissions Guidelines and Compliance Times for Commercial and Industrial Solid Waste Incineration Units”

The provisions of 40 CFR Part 60 Subpart DDDD, as originally published in the Federal Register and as subsequently amended upon publication in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

38 FINAL REGULATIONS

40 CFR Part 60 Subpart DDDD			
Federal Register Citation	Volume	Date	Notice
Original Promulgation	Vol. 65	December 1, 2000	[65 FR 75338]
Revision	Vol. 70	September 22, 2005	[70 FR 55568]
Revision	Vol. 76	May 18, 2011	[76 FR 28662]
Revision	Vol. 78	February 7, 2013	[78 FR 9112]
Revision	Vol. 81	June 23, 2016	[81 FR 40956]

Regulation 61-62.60, Subpart IIII, shall be revised as follows:

Subpart IIII - “Standards of Performance for Stationary Compression Ignition Internal Combustion Engines”

The provisions of 40 CFR Part 60 Subpart IIII, as originally published in the Federal Register and as subsequently amended upon publication in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

40 CFR Part 60 Subpart IIII			
Federal Register Citation	Volume	Date	Notice
Original Promulgation	Vol. 71	July 11, 2006	[71 FR 39154]
Revision	Vol. 76	June 28, 2011	[76 FR 37954]
Revision	Vol. 78	January 30, 2013	[78 FR 6674]
Revision	Vol. 79	February 27, 2014	[79 FR 11228]
Revision	Vol. 81	July 7, 2016	[81 FR 44212]

Regulation 61-62.60, Subpart JJJJ, shall be revised as follows:

Subpart JJJJ - “Standards of Performance for Stationary Spark Ignition Internal Combustion Engines”

The provisions of 40 CFR Part 60 Subpart JJJJ, as originally published in the Federal Register and as subsequently amended upon publication in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

40 CFR Part 60 Subpart JJJJ

Regulation 61-62.70, Title V Operating Permit Program

Regulation 61-62.70.7 (e)(2)(ii)(C), shall be revised as follows:

(C) Certification by a responsible official, consistent with Section 70.5(d), that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and

Regulation 61-62.70.7 (h)(1), shall be revised as follows:

(1) Notice shall be given by one of the following methods: By publishing the notice in a newspaper of general circulation in the area where the source is located (or in a State publication designed to give general public notice) or by posting the notice, for the duration of the public comment period, on a public website identified by the Department, if the Department has selected website noticing as its "consistent noticing method." The consistent noticing method shall be used for all draft permits subject to notice under this paragraph. If website noticing is selected as the consistent noticing method, the draft permit shall also be posted, for the duration of the public comment period, on a public website identified by the Department. In addition, notice shall be given to persons on a mailing list developed by the Department using generally accepted methods (e.g., hyperlink sign-up function or radio button on an agency website, sign-up sheet at a public hearing, etc.) that enable interested parties to subscribe to the mailing list. The Department may update the mailing list from time to time by requesting written indication of continued interest from those listed. The Department may delete from the list the name of any person who fails to respond to such a request within a reasonable timeframe. The Department may use other means to provide adequate notice to the affected public;

Regulation 61-62.70.7 (h)(2), shall be revised as follows:

(2) The notice shall identify the affected facility; the name and address of the permittee; the name and address of the Department; the activity or activities involved in the permit action; the emissions change involved in any permit modification; the name, address, and telephone number of a person (or an email or website address) from whom interested persons may obtain additional information, including copies of the permit draft, the application, all relevant supporting materials, including any permit application, compliance plan, permit, and

48 FINAL REGULATIONS

monitoring and compliance certification report pursuant to Section 503(e) of the Act, except for information entitled to confidential treatment pursuant to Section 114(c) of the Act (the contents of a Part 70 permit shall not be entitled to protection under Section 114(c) of the Act), and all other materials available to the Department (except for publicly-available materials and publications) that are relevant to the permit decision; a brief description of the comment procedures required by this part; and the time and place of any hearing that may be held, including a statement of procedures to request a hearing (unless a hearing has already been scheduled);

Regulation 61-62.70.9 (b)(2)(ii)(A), shall be revised as follows:

(A) The actual emissions of sources for which no fee is required under Section 70.9(b)(4);

Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program

Regulation 61-62.97 shall be added as follows:

61-62.97. Cross-State Air Pollution Rule (CSAPR) Trading Program.

Subpart A - South Carolina CSAPR NO_x Annual Trading Program

1. Except as provided in paragraphs 2. and 3. of this subpart, the provisions of the July 1, 2016 edition of 40 CFR 97.402 through 97.408, 97.411 through 97.418, 97.420 through 97.428, and 97.430 through 97.435 as amended at 81 FR 74604-07 (October 26, 2016) are adopted and incorporated by reference.

2. The provisions of 40 CFR 97.411(b)(2) and (c)(5)(iii), 97.412(b), and 97.421(h) and (j) are not adopted or incorporated by reference.

3. For purposes of this subpart, the provisions of 40 CFR 97.404(a)(1) and (b)(1) that are otherwise adopted and incorporated by reference are modified by removing the phrase “The following units in a State (and Indian country within the borders of such State)” and adding in its place the phrase “The following units in South Carolina (but not in Indian country within South Carolina’s borders)”.

4. For purposes of this subpart, for the control periods in 2017 and thereafter, the South Carolina NO_x Annual trading budget, new unit set-aside, and Indian country new unit-set aside for allocations of CSAPR NO_x Annual allowances, and the variability limit for the South Carolina NO_x Annual trading budget, are as follows:

- a. The NO_x Annual trading budget is 32,498 tons.
- b. The new unit set-aside is 620 tons.
- c. The Indian country new unit set-aside is 33 tons.
- d. The variability limit is 5,850 tons.
- e. The South Carolina NO_x Annual trading budget in this subpart includes any tons in the new unit set-aside or Indian country new unit set-aside but does not include any tons in the variability limit.

Subpart B - South Carolina CSAPR SO₂ Group 2 Trading Program

1. Except as provided in paragraphs 2. and 3. of this subpart, the provisions of the July 1, 2016 edition of 40 CFR 97.702 through 97.708, 97.711 through 97.718, 97.720 through 97.728, and 97.730 through 97.735 as amended at 81 FR 74618-21 (October 26, 2016) are adopted and incorporated by reference.

2. The provisions of 40 CFR 97.711(b)(2) and (c)(5)(iii), 97.712(b), and 97.721(h) and (j) are not adopted or incorporated by reference.

3. For purposes of this subpart, the provisions of 40 CFR 97.704(a)(1) and (b)(1) that are otherwise adopted and incorporated by reference are modified by removing the phrase “The following units in a State (and Indian

country within the borders of such State)” and adding in its place the phrase “The following units in South Carolina (but not in Indian country within South Carolina’s borders)”.

4. For purposes of this subpart, for the control periods in 2017 and thereafter, the South Carolina SO₂ Group 2 trading budget, new unit set-aside, and Indian country new unit-set aside for allocations of CSAPR SO₂ Group 2 allowances, and the variability limit for the South Carolina SO₂ Group 2 trading budget, are as follows:

- a. The SO₂ Group 2 trading budget is 96,633 tons.
- b. The new unit set-aside is 1,836 tons.
- c. The Indian country new unit set-aside is 97 tons.
- d. The variability limit is 17,394 tons.
- e. The South Carolina SO₂ Group 2 trading budget in this subpart includes any tons in the new unit set-aside or Indian country new unit set-aside but does not include any tons in the variability limit.

Statement of Need and Reasonableness:

This Statement of Need and Reasonableness was determined by staff analysis pursuant to S.C. Code Section 1-23-115(C)(1)-(3) and (9)-(11).

DESCRIPTION OF REGULATION:

Amendment of Regulation 61-62, Air Pollution Control Regulations and Standards, and the South Carolina Air Quality Implementation Plan (“SIP”).

Purpose:

(1) The United States Environmental Protection Agency (“EPA”) promulgated amendments to national air quality standards in 2016. The recent federal amendments include clarification, guidance and technical revisions to SIP requirements promulgated pursuant to 42 U.S.C. Sections 7410 & 7413, New Source Performance Standards (“NSPS”) mandated by 42 U.S.C. Section 7411, federal National Emission Standards for Hazardous Air Pollutants (“NESHAP”) for Source Categories mandated by 42 U.S.C. Section 7412, and Prevention of Significant Deterioration (“PSD”) and Title V Operating Program provisions promulgated under title I and title V of the CAA.

(2) These revisions therefore amend Regulation 61-62.1, Definitions and General Requirements; Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration; Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants; Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; Regulation 61-62.70, Title V Operating Permit Program; and the SIP, to adopt the federal amendments to these standards promulgated from January 1, 2016, through December 31, 2016.

(3) These amendments also add Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program, to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NO_x (Annual) and SO₂ (Annual), as published in the Federal Register on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation addresses mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.

(4) Other changes to Regulation 61-62 were made that include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary. The citations where these revisions were made are listed within the Section-by-Section Discussion of Amendments.

50 FINAL REGULATIONS

Legal Authority:

The South Carolina Pollution Control Act, 1976 Code Section 48-1-10 et seq. ("Pollution Control Act"), authorizes the Department to adopt emission control regulations, standards, and limitations, and take all actions necessary or appropriate to secure to the State the benefits of federal air pollution control laws. Pursuant to the Pollution Control Act, along with the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the Department must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416.

Plan for Implementation:

The amendments took effect upon approval by the Board of Health and Environmental Control and by publication in the State Register. These requirements are in place at the federal level and are currently being implemented. The amendments will be implemented in South Carolina by providing the regulated community with copies of the regulation, publishing associated information on the Department's website at <http://www.scdhec.gov/Agency/RegulationsAndUpdates/>, sending an email to stakeholders, and communicating with affected facilities during the permitting process.

DETERMINATION OF NEED AND REASONABLENESS OF THE REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The EPA promulgates amendments to 40 CFR Parts 50, 51, 52, 60, 61, 63, and 70 throughout each calendar year. Federal amendments in 2016 included new and revised NSPS rules, NESHAPs, and NESHAPs for Source Categories, and amendments to PSD and Title V permitting provisions. The Department is adopting these federal amendments to maintain compliance with federal law. The EPA has also promulgated regulations under 40 CFR Part 97 establishing CSAPR trading provisions for South Carolina for NO_x (Annual) and SO₂ (Annual). Adoption of the federal CSAPR trading program is necessary to address mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491. The above amendments are reasonable as they promote consistency and ensure compliance with both state and federal regulations.

DETERMINATION OF COSTS AND BENEFITS:

The regulations are not subject to the requirements of a fiscal impact statement or a preliminary assessment report. The Department does not anticipate an increase in costs to the State or its political subdivisions resulting from these revisions. The standards to be adopted are already in effect and applicable to the regulated community as a matter of federal law, thus the regulated community has already incurred the cost of these regulations. The amendments incorporate the revisions to the EPA regulations, which the Department implements pursuant to the authority granted by Section 48-1-50 of the Pollution Control Act. These amendments will benefit the regulated community by maintaining State implementation of the federal requirements, as opposed to federal implementation.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates relative to the costs to the State or its political subdivisions.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

Adoption of the recent changes in federal regulations through these amendments to Regulation 61-62, Air Pollution Control Regulations and Standards, will continue State-focused protection of the environment and public health.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATIONS ARE NOT IMPLEMENTED:

The State's authority to implement federal requirements, which is beneficial to the public health and environment of South Carolina, would be compromised if these amendments are not adopted.

Attachment 3

**State Register Notice of General Public Interest
April 27, 2018**

Affecting York County**Amisub of South Carolina, Inc. d/b/a Piedmont Medical Center**

Addition of an Electrophysiology lab and a biplane lab as well as the purchase of a CT equipment at a total project cost of \$7,062,274.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL**NOTICE OF GENERAL PUBLIC INTEREST****NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENT TO AIR QUALITY STATE PLAN FOR DESIGNATED FACILITIES AND POLLUTANTS**

Statutory Authority: 1976 Code Sections 48-1-10 et seq.

The South Carolina Department of Health and Environmental Control (Department) is publishing this Notice of General Public Interest pursuant to the requirements of Sections 111 and 129 of the Clean Air Act (CAA) and 40 CFR 60.23, to provide interested persons the opportunity to attend a public hearing and comment on the Department's submittal to the U.S. Environmental Protection Agency (EPA) to revise the state plan for commercial and industrial solid waste incinerator (CISWI) units. The public hearing will be held on May 30, 2018, at 1:00 p.m., in Room 2380 of the Sims/Aycock Building, 2600 Bull Street, Columbia, S. C. The public is also invited to submit comments in writing before the public hearing. To be considered, comments must be received by 5:00 p.m. on May 29, 2018, the close of the comment period. However, if the Department does not receive a request for a public hearing by the close of the comment period, the Department will cancel the public hearing. If the public hearing is cancelled, then the Department will notify the public via the Public Notices webpage: <http://www.scdhec.gov/PublicNotices/>. Comments should be submitted to Marie Brown, Regulation and SIP Management Section, Bureau of Air Quality, 2600 Bull Street, Columbia, S.C. 29201. Interested persons may also contact Marie Brown via phone at (803) 898-1796 or email at brownmf@dhec.sc.gov for more information, to view a copy of the state's proposed plan, or to find out if the Department will hold a public hearing. A copy of the state's proposed CISWI state plan submission is also located on the Department's Public Notices webpage: <http://www.scdhec.gov/PublicNotices/>.

Background:

EPA regulations found at 40 CFR Part 60, Subparts CCCC and DDDD, contain federal requirements for CISWI units, established pursuant to Sections 111 and 129 of the CAA. The rules for new sources (CCCC) are referred to as New Source Performance Standards (NSPS) while rules for existing sources (DDDD) are referred to as Emission Guidelines (EG). These rules establish emission limits and other requirements for CISWI units, and provide for state implementation and enforcement of the EG promulgated by the EPA.

South Carolina Regulation 61-62.60 (R.61-62.60), South Carolina Designated Facility Plan and New Source Performance Standards (NSPS), has been repeatedly amended to incorporate changes to 40 CFR Part 60, Subparts CCCC and DDDD, by reference. EPA finalized amendments to 40 CFR Part 60, Subparts CCCC and DDDD, in the February 7, 2013 [78 FR 9112] Federal Register, and these amendments were incorporated by reference into R.61-62.60, effective September 26, 2014 upon publication in the State Register. On December 19, 2014, the Department submitted to EPA a state plan for implementation and enforcement of the revised CISWI emission guidelines in accordance with Sections 111 and 129 of the CAA and 40 CFR Part 60.

Since the Department's 2014 state plan submittal, additional revisions to the CISWI rule were finalized upon reconsideration in the June 23, 2016, Federal Register [81 FR 40956], and were codified under 40 CFR Part 60, Subparts CCCC and DDDD. R.61-62.60 was amended to incorporate the changes to 40 CFR Part 60, Subparts CCCC and DDDD, by reference. The amendments to R.61-62.60, Subparts CCCC and DDDD, were approved

12 NOTICES

during a public hearing conducted by the Board of the South Carolina Department of Health and Environmental Control on August 10, 2017, and were effective upon publication in the State Register on August 25, 2017.

Synopsis:

In accordance with section 129 of the CAA, each state in which an existing CISWI unit is operating is required to submit to the EPA a plan to implement and enforce EPA's emission guidelines within one year from the date of promulgation. This plan consists of applicable compliance and enforcement regulations, a list of affected sources, and emissions inventories for these sources. The Department submitted a CISWI state plan on December 19, 2014, in which it certified that it has addressed the requirements of Sections 111 and 129 and regulations under 40 CFR Part 60 for CISWI units. The Department is submitting to EPA an update to its existing CISWI state plan to document South Carolina's incorporation of the 2016 CISWI rule revisions, and the Department proposes to certify that it has addressed the state's requirements under Sections 111 and 129 of the CAA, 40 CFR Part 60, and the EPA's June 23, 2016, CISWI reconsideration rule.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

NOTICE OF GENERAL PUBLIC INTEREST

DHEC-Bureau of Land and Waste Management, File # 18-06-HW
Columbia Nitrogen Site

NOTICE OF CONSENT AGREEMENT, CONTRIBUTION PROTECTION, AND COMMENT PERIOD

PLEASE TAKE NOTICE that the South Carolina Department of Health and Environmental Control (the Department) intends to enter into a Consent Agreement (CA) with J. Holcombe Enterprises, L.P., James H. Holcombe, J. Henry Fair, Jr., and PCS Nitrogen Inc. (the Respondents) to address future obligations at the Columbia Nitrogen Site located in Charleston County, at 1801 Milford Street, Charleston, South Carolina (the Site).

Future obligations described in the CA include performance of a Post-Removal Action Site Control Plan (PRSCP) as required by the United States Environmental Protection Agency (USEPA) pursuant to a Unilateral Administrative Order dated September 21, 2015 and a subsequent Administrative Settlement Agreement and Order on Consent for Removal Action entered into between the USEPA and the Respondents. The PRSCP includes a revegetation monitoring and erosion control plan, a groundwater monitoring plan, and maintenance of institutional controls. These activities will be performed under the Department's oversight and enforcement authority. Further, the CA provides for the payment of the Department's costs for overseeing the work performed by the Respondents.

The CA is subject to a thirty-day public comment period consistent with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. Section 9613, and the South Carolina Hazardous Waste Management Act (HWMA), S.C. Code Ann. Section 44-56-200 (as amended). Notice of Contribution Protection and Comment Period will be provided to known potentially responsible parties. The CA is available:

- (1) On-line at <http://www.scdhec.gov/PublicNotices>; or
- (2) By contacting G. Kendall Taylor, Director, at 803-898-0835 or taylorgk@dhec.sc.gov.

Any comments to the proposed CA must be submitted in writing, postmarked no later May 29, 2018 and addressed to: G. Kendall Taylor, Director, BLWM Division of SARR, SCDHEC, 2600 Bull Street, Columbia, SC 29201.

Updated Certification of Plan Elements

Certification of Plan Elements

The CAA directs state regulatory agencies to implement the EG according to a State Plan developed under Sections 111(d) and 129 of the CAA and to submit the State Plan to EPA within one (1) year after EPA's promulgation of the EG (i.e., by February 7, 2014, for the amended EG). To be approved by EPA, the State Plans need to contain specific information and the legal mechanisms necessary to implement the EG. The minimum requirements set forth in CAA Section 129 and in 40 CFR Part 60, are listed below.

1. A demonstration of the state's legal authority to carry out the Section 111(d)/129 State Plan and identification of enforceable mechanisms, including:
 - A list in the enforcement section of the State Plan indicating the consequences for sources not in compliance and the authority under which a state can shut down/close a source; and
 - A reference to Section 129(f)(3) ("PROHIBITION"), which prohibits a plant from operating if it does not comply with the standard.
2. An inventory of sources in the state affected by the EG, including to the best of the state's knowledge, CISWI that have shut down and are capable of restarting, and including:
 - A statement preceding the inventory which says that sources subject to the standard "include but are not limited to" the inventory in the State Plan, and
 - An additional statement that says, "should another source be discovered subsequent to this notice, there will be no need to reopen the State Plan."
3. An inventory of emissions from CISWI operating in the state.
4. Emission limits that are at least as protective as those in the EG.
5. Testing and monitoring requirements at least as protective as those in the EG.
6. Reporting and recordkeeping requirements at least as protective as those in the EG.
7. Operator training and qualification requirements at least as protective as those in the EG.
8. Inspection requirements at least as protective as those in the EG.
9. Waste management plan requirements at least as protective as those in the EG.
10. Compliance schedules (including increments of progress for compliance schedules which extend beyond one (1) year after State Plan approval).
11. An expeditious final compliance date not later than three (3) years after approval of the revised or new State Plan or February 7, 2018, whichever is earlier.
12. A record of public hearing(s) on the State Plan.
13. Provision for state progress reports to EPA.
